

Nerine Hong Kong managing director shortlisted for Powerwomen award – voting open

Nerine Trust Company Limited

25 July 2016

Nerine Group of Fiduciaries (Hong Kong) managing director, Melanie Ison, has been shortlisted for Citywealth's International Finance Centre (IFC) Powerwomen Awards Woman of the Year – Leadership (Professional Services - IFC).

Melanie, named last year in Citywealth's Powerwomen top 200 list last year and in 2014, and Citywealth's leader list in 2014 and 2015, was born and educated in Guernsey and started her fiduciary career in 1998 moving to Hong Kong in 2007 and joining Nerine in March 2009. She has led the team since 2012 and was officially appointed as Hong Kong Managing Director in 2013.

She oversees Nerine's growth in Asia working with a number of intermediaries and clients on all aspects of succession planning. Melanie leads a team of seven in Hong Kong directly and sits on the group senior management team where she is a significant contributor to the group's vision and values and business development.

Nerine executive chairman, Keith Corbin, said: "Melanie is an outstanding leader; leading by example and injecting a level of expertise and energy into her managing director role that belies her years. Melanie has built a team of motivated, well-trained professionals, who are all, incidentally, women. Under her leadership Nerine's business has grown substantially."

Melanie said: "There are 10 women nominated for this award each of them leaders in their field and I am honoured to be among the shortlist and very proud to be representing Nerine in these high profile awards."

Each winner of the 17 categories is chosen by public votes and announced at a dinner in London in February.

Votes close on 30th October and those voting cannot be from the same firm as the nominee and can only vote once. You can vote at [the following link](#).
