Now in its third year, the Awards exist to champion young professionals in the wealth sector and highlight the leaders under forty of today and tomorrow. The philosophy of the contest is to support future leaders who excel at work but who also make an important contribution to society.

The judges vote counts for ninety percent of the final outcome with online peer voting counting for 10% and all votes are considered by the judges. The winner will be announced on 8 November at a black-tie event in London.
